

NO HEALTH INSURANCE?

The West Haven Department of Public Health may be able to help you.

If you are a West Haven resident with a child or children in need of school physicals and immunizations, and do not have health insurance, we may be able to offer you HUSKY application assistance.

On the third Wednesday of each month, the West Haven Department of Public Health has a HUSKY representative from the New Haven Health Department's Maternal & Child Health Department at the office, to assist those interested in applying for HUSKY Healthcare coverage. During the one hour visit, the HUSKY representative will assist you with the application process.

This service is by appointment only. Please remember that HUSKY visits West Haven only once per month and appointments fill up quickly. Should you need a more urgent appointment you may call the New Haven Health Department to make an appointment at their office.

For more information please contact the West Haven Department of Public Health at (203) 937-3660 or the New Haven Health Dept. Division of Maternal and Child Health at (203) 946-8187.
